We ask that you utilize the club email system. As long as you have provided your correct forwarding address(es), this system will work. The above addresses are tied to the club's website email option.

Please note that chairs of club committees have their own email addresses. If you need to contact a chair, use their specific address. You don't need to know a name or personal address. Using the club address helps our name recognition in the community and provides consistency when working with outside entities such as sponsors and vendors.

Use the group addresses as you would a distribution list instead of creating a personal distribution list. This way you are certain to include all the group's members with their current addresses.
